**Control over working of Nursing Homes**

5650. SHRI O.P. KOHLI: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether a Nursing home in Delhi had recently removed kidney from the body of a state level player who was suffering from stone ailment as has been brought out in the Jansatta of 21st February, 1994;

(b) if so, whether Government enquired into the matter and if so, with what results; and

(c) how is it ensured that such Nursing homes do not resort to such undesirable incidents and there is a proper control over their working?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (DR. C. SILVERA): (a) Yes, Sir.

(b) An enquiry conducted by the Directorate of Health Services, Delhi State, has revealed that the kidney was removed as a life-saving measure, with prior awareness of the relatives and attendants and consent of the patient, as it was found to be diseased.

(c) Does not arise.

**Eradication of Leprosy**

5651. SHRI RAHASBIHARI BARIK: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) what are the steps taken by Government for the eradication of leprosy:

(b) the programme which is being implemented therefor:

(c) whether World Bank is providing aid for the purpose.:

(d) if so, the details thereof; and

(e) the target date set on the eradication of leprosy?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (DR. C. SILVERA): (a) to (e) Government of India have launched a National Leprosy Eradication Programme with the objective of elimination of Leprosy by the end of the century by reducing the incidence to less than 1 per 10,000 population. World Bank has also agreed to provide financial assistance of Rs. 302 crores for a 6 years project for this programme.

**Tuberculosis Control Programme**

5652. SHRI P. UPENDRA: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether the nationwide tuberculosis control programme is in doldrums and the number of cases of T.B. victims is increaseing year after year;

(b) what are the reasons for the failure of the programme; and

(c) what steps Government are taking to streamline the programme?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (DR. C. SILVERA): (a) to (c) No Sir. Mortality due to T.B. has come down from about 80 per 1,00,000 to 50 per 1,00,000. The main reason for continued high prevalence, with about 1.5% of population suffering from active T.B. is the difficulty of ensuring the full course of treatment extending to eighteen months in the case of conventional therapy and six to eight months with short course chemotherapy.

It is intended to focus on achieving high cure rate through treat-
